

NOVEMBER 2018 SKETCHBOOK

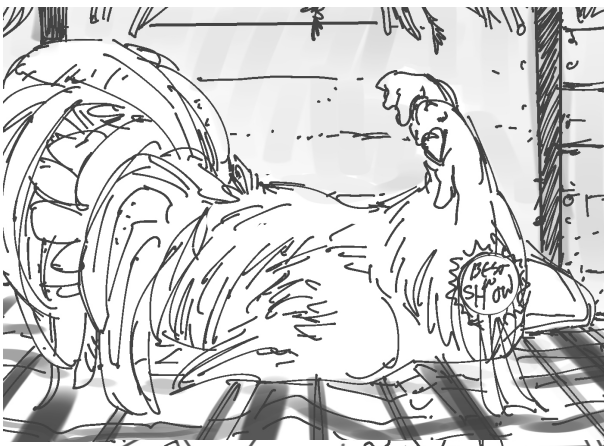

BOTTLE DEMON

PREORDER!

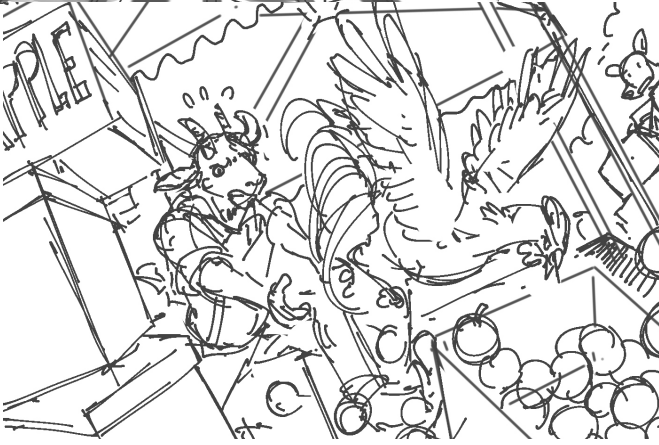

itsnero.com

Badge art for Further Confusion 2019.

Recently I was invited to work on a art test for a company that makes browser-based porn games. They're a little click-bait-y, and all the characters are existing IPs with the barcodes sanded off, but hey, why not. The main one they wanted me working on is this Major Bison knockoff, 'Officer Bull'. Some of the poses are based on official art I think?
